

# Filter emc residential class

Conducted emissions filter compliant with residential class for Speedmatic and Easy units. Set consists of a plastic box that houses the filter, power cord inlet with schuko socket and cable outlet for connection to the device. Low leakage current (0.8 mA).

140627A

## TYPE

- Nominal voltage
- Nominal current
- Leakage current
- Test voltage L/L
- Test voltage L/T
- Isolation (250 V DC)
- Max. resistance DC
- Operating temperature
- Attenuation COMMON M. 25 dB min.
- Attenuation DIFFERENTIAL M. 25 dB min.
